

Waterworld Adventures

Between the Scandinavian capitals of Stockholm and Oslo you will find the heart shaped region of Värmland. This region offers everything the true nature lover is looking for. With its wild rivers, quiet lakes, high mountains, green hills and luscious valleys this makes the perfect scenario for many outdoor activities as well as discovering what true wilderness is at the same time.

Waterworld has been offering an extensive program of outdoor activities for a number of years in this area. In 2001 the company Waterworld, sverige outdoor adventure, is established. Before starting Waterworld, the owner has been spending his summer vacations enjoying canoeing, hiking and mountainbiking. These days Waterworld offers activities for individual as well as for groups and complete holiday packages. The owner hopes you enjoy Värmland as much as he does.

What does Waterworld offer you: cycling, walking, hiking, canoeing, mountain biking, GPS adventure, both guided tours as on your own initiative. A beaversafari on the Klarälven river, a real experience, or Spending a relaxing day on the Klarälven, the raft will take you slowly downstream, enough time to fish, take a swim or stop at the shores. So there's a lot to experience.

The owner hopes you enjoy Värmland as much as he does.
